**AMERICAN ENERGY PARTNER'S REMARKS ON RECENT
UNAUTHORIZED THIRD-PARTY STOCK PROMOTION
MATERIALS**

ALLENTOWN, Pennsylvania – (November 8, 2019) – American Energy Partners, Inc. (the “Company”) (PINK: AEPT), a diversified energy company was notified by OTC Markets (“OTC”) on November 7, 2019, of recent trading and promotional activity regarding the Company’s common stock. The Company was informed that newsletters were sent via e-mail from what the Company determined was a non-affiliated third-party source.

The Company had no knowledge of the unauthorized promotional activity until after it was notified by OTC Markets and given a copy of the promotional materials. Neither the Company nor its officers or directors were involved, directly or indirectly, with the creation, distribution or payment of the promotional materials related to the Company and its security. Neither the Company nor its officers or directors had control over the content of the promotional materials.

These e-mails and newsletters were an unauthorized stock promotion that typically encourage readers to invest in the Company’s common stock and could contain false or misleading information. The Company wishes to express in the strongest possible terms that it had no knowledge of this third-party sponsored stock promotion and such promotion materials which included the Company’s logo and excerpts of its previously issued press releases were disseminated without the consent, approval, or permission from the Company. The Company will be investigating this unauthorized third-party conduct and make every attempt to identify the stock promoters who presented these unauthorized materials.

The Company has determined that the content of the promotions contains incomplete and unvetted information with speculative language regarding the Company’s business performance and its shares. The Company encourages those interested in the Company to rely solely on information included in its press releases and its filings and disclosures made with the Securities and Exchange Commission (“SEC”) through the EDGAR Database and the OTC Markets Group.

At this time, we can confirm that none of the Company's officers or directors or control persons (those owners that own 10% or more of the common stock of the Company) were involved in the unauthorized promotional activity. Further, none of these persons has sold shares in the Company's stock in the past year.
